# NATIONAL UNIVERSITY OF SINGAPORE

## Shape Your Future at Asia's Top University

The National University of Singapore began in 1905 as a small medical school with only 23 students.

Over decades—and through the growth of Singapore from island colony to dynamic city state—we have evolved into a leading university on the global stage.

Begin your graduate journey with a global Top 10 university in one of Asia's most dynamic and connected cities.

At NUS, graduate students are part of a research-intensive and internationally connected university community. Whether you are seeking advanced professional knowledge, research training, or a pathway towards academic and industry impact, NUS offers a wide range of graduate opportunities across disciplines.

## Career Development

At NUS, we have a mission to equip students with critical life and career skills, developing highly employable graduates who thrive in an evolving world of work and are resilient amidst volatility. Our partnership continues with alumni even as they journey beyond the university. In addition, we collaborate closely with employers to support their talent strategy and build talent pipelines that provide a competitive advantage.

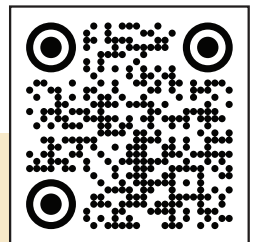

The team of NUS Centre for Future-ready Graduates (CFG), comprises a group of professionals dedicated to the needs of different audiences. This includes Career Advisory, Industry Relations, Global Programmes, LifeSkills Development and more.

### In order to better support your career development, we will be offering:

- Partner students every step of the career journey from self-discovery to exploration to planning and execution.
- Equip students with critical life and employability skills to thrive amidst volatility and change.
- Dedicated career advisors for highly customised career conversations.
- Bridge students to industry, job and internship opportunities.
- Cutting-edge technological tools to empower future-forward career services.

The ICA student pass entitles international students to seek part-time jobs and internships in Singapore. During academic term time, full-time international students are allowed to work not more than 16 hours per week.
